

The Power of Connection

Free Caregiver & Professional WORKSHOPS

Beyond the ABCs and 123s: Effective Early Education for Young Children with Autism

Parents, preschool and day care staff, and early intervention therapists have a valuable opportunity to significantly impact young children with autism. Certain prerequisite skills must be developed and specific teaching strategies applied in order to maximize this crucial time in their development. Before too much time is spent on typical preacademic skills, learn about specific ways to improve the priority areas of social interaction, communication, and behavior.

Presented by: Stephanie Flamini, BCaBA, *Autism New Jersey*

Hosted by: Family Support Organization of Bergen County

Thursday, December 5, 2019

10am to 12pm

Family Support Organization of Bergen County
