Clinical Terms

Autism New Jersey reserves the right to determine the eligibility of any organization as an exhibitor. Applications will be reviewed and the representative will be contacted within 10 business days of receipt.

- Consistent with our agency [position statements on treatment](#), exhibits will not be approved from organizations that promote interventions that research suggests are harmful or ineffective for individuals with autism. Applications may be declined for other reasons subject to the discretion of Autism New Jersey.
- Submitting the application indicates that the exhibitor neither provides nor will promote these treatments (including, but not limited to, promotional materials, videos, and communication of any kind).
- Exhibitors interested in distributing information to recruit participants for research studies may not do so without prior approval. To seek approval, please contact conference@autismnj.org.
- Autism New Jersey reserves the right to restrict exhibits that become objectionable (due to noise, method of operations, materials, or any other reason) and evict any exhibit which, in the opinion of Autism New Jersey, may detract from the general character of the conference. Should this occur, Autism New Jersey is not liable for any refund or other exhibit expenses.
